Subscription, \$1.50 per year.

PENHOLD

The secretary of the Red Cross Association, Penhold Branch, has received word from the Steel Wire Co. of Medicine Hat, that they will buy scrap iron. All farmers who have any scrap iron on their farms who would be willing to give it to the Red Cross are asked to notify Mr. Walker, who will let them know what arrangements have been made to handle same.

A splendid dance was held in Wm. Douglas hall under the auspices of the Women's Institute last Friday, a very big crowd turned out and spent a most enjoyable evening. Close upon \$100.00 was raised by tickets and sale of ice cream, which will be handed over to the Red Cross funds. The ladies wish to thank Mr. and Mrs. Douglas for the use of their splendid barn, which was most suitable, also for their kindness in lending a piano and their kindness in wanting to make things comfortable.

A vote of thanks must be given to the ladies of the Institute for the splendid time they gave all those who attended the dance.

A concert and dance will be held in Stewarts' Barn on Thursday, July 11th, proceeds will be given to the Red Cross. Tickets \$1.00 a couple. Children 25c each. Ladies bring baskets. Save this date as a good time is promised.

Rev. Fulton left Penhold for Inland last Thursday. Several persons were at the station to say good-bye. His going will be keenly felt by many, and the best wishes of the community go with him. He promises that he would leave the submarine alone providing they did not interfere with him.

Mrs. Simpson, with Jean and baby Maxwell left last Thursday for a few weeks holiday at Gladstone, Man.

Mrs. Zeile has returned after a holiday spent in Hanna.

A great many Penhold people took in the Calgary Fair, many of them making a nice trip by car.

Mr. Pennington has bought a splendid car, a Studebaker, and Mr. Rogers has a new Buick.

Miss Cleland, who was teacher at Horn Hill, has been spending a few days with Mrs. Dixon.

Miss E. M. Thompson, who was teacher at Fairlands, is paying a holiday visit to Mr. and Mrs. Main.

Miss Dorothy Manuel, of Inland, spent the week end with her friend Winnie Stiggins.

The ladies of the Red Cross met on Thursday at the home of Mrs. Dick Lee.

Mrs. Donahue Hart was taken to the Red Deer Hospital last Friday and was operated on for appendicitis. Mrs. Hart reports that her daughter came through the operation very well and is doing nicely.

Bert Carwell was in town over the week end visiting his uncle and other relations.

We are sorry to hear that Mrs. Alford, a local woman, has been taken to bed with tonsillitis, and trust to hear better news shortly.

Service was held last Sunday in the Anglican Church, the Rev. Archdeacon Dewdney being the preacher, the Rev. Orton helped with the service. The Archdeacon baptised Ralph Elliott, the infant son of Mr. and Mrs. Chas. Eyr. A very large congregation turned out and enjoyed the service.

Mr. Bakin is visiting Mrs. Bozarth at Lethbridge.

Mr. and Mrs. Goodall and Mr. and Mrs. Coope have been staying with their mother, Mrs. Parsons, for a few days.

Pete Tom Kennings and George Johnson are in camp at Petawawa.

OPENING OF NEW CITADEL

The new Salvation Army Citadel, Red Deer, will be opened on Saturday, July 13th, at 8 p.m. by Colonel Turner, Winnipeg, Chief Secretary for Canada, West, supported by Brigadier and Mrs. Hay, Edmonton, and a number of officers from other corps. The opening ceremony will be immediately followed by a great musical festival given by the Calgary Salvation Army Citadel Silver Band, who have kindly consented to visit Red Deer for Saturday and Sunday. The band will be assisted by Professor W. A. Hawley, who will render special items on the program, also Commandant and Mrs. Larson, who gave a special musical program in Red Deer last Friday. Senior Michener will be chairman for this evening. Tickets are now on sale for the musical festival, and can be procured from members of the local corps, 25c each. Special services will be conducted by Colonel Turner on Sunday at 11 a.m., holiness meeting, 2 p.m., holiness meeting, 7 p.m., holiness meeting. Mayor G. W. Smith chairman, 7:30 p.m., great salvation meeting.

Proceeding each service the Calgary Citadel Band will render music on the street in various parts of the city. On Saturday evening from 7 to 8 p.m. outside Gaetz-Corbett Drug Store and the corner by Day Hardware.

The new Citadel is certainly a great contrast to the old steam laundry which stood upon this site and has considerably brightened this central corner.

The building has been built with a first consideration for service, all unnecessary ornamental display being avoided. The walls are of brick veneer. The hall is fairly commodious, with a splendid basement for young people and a Primary classroom, spare room, and furnace room. Do not miss this special week-end, each service will be crowded with items of interest.

PROTECT THE SUMMER HAWKS.

To most people hawks are hawks, and, therefore, should be destroyed at the first opportunity. It may, however, be interesting to know that many of these are amongst the most beneficial of birds.

The farmer has few better friends than the American Sparrow Hawk. This is one of the smallest, and most beautifully marked of this family of birds. Its food consists principally of insects and mice. The Marsh Hawk, which is 15 to 22 inches long and when flying exhibits long, pointed wings and a long narrow tail, is another friend. It usually flies low and beats about over the marshes, meadows, and open fields in search of mice, on which it almost wholly subsists. It seldom has the courage to visit the poultry yard and can be forgiven for the few young grouse it takes.

There are four species of the Rough legs that should be protected. They are birds of the open, are often seen sailing high in the air, and are recognized by their square wings and long, pointed tails. When hunting they come lower down, sailing and leisurely flapping over the meadows and fields. Their principal food is mice and other small rodents. Throughout the prairie provinces they are most persistent gopher hunters. They remain in Canada only during the gopher season, and it is estimated that a family of two adults and four young destroy 350 gophers during one season.

The sharp skinned and Cooper's Hawks and the Goshawk, a slate grey bird, 22 inches long, have done more than any other bird to earn for the hawks a bad reputation. The first two subsist almost entirely on small birds, and the Goshawk is a confirmed chicken and grouse thief.

However, to kill friend and foe indiscriminately is the greatest stupidity when a little thought will enable one to distinguish between them, and the Geological Survey, Ottawa, has published a well illustrated bulletin describing the hawks of the prairie provinces and making clear the distinctions between the different species.

Until one has learned to distinguish the beneficial species from the harmful the following rule for action can be given for the people of the southern prairie provinces: Protect the large summer hawks, except those taken in the act of poultry killing, and destroy the winter ones. In this way a few harmful hawks may escape and a few innocent ones suffer, but the results on the whole will be a great step in advance.

MILITARY NOTES

George L. Proctor, formerly of Springfield, writes his friend, W. F. Ode, that he is back again in England after fourteen months in a German prison. He went over with the 12th C.M.R., and was transferred to the Fort Garry Horse, and in a skirmish his horse was shot under him and he was wounded in the hip and captured on the 25th of March, 1916. He says: King George Hospital, B Ward 3, Stamford Street, Blackfriars, London, S.E.

Dear Pete—Arrived back in dear old Blighty last Sunday evening, and was mighty tickled to get here again. It's white people and civilization any way. My slater is nursing here in London, and has been over several times to see me, which is very lucky. Guess I will have a big operation next week, and am wishing it was over, as I don't like waiting. It's either make or break, so the sooner the better. Had a pretty good time coming over. We came through Holland and the Dutch people were very good to us.

When you write, Pete, be sure to give me all the latest news, because I have lost touch with everything. I haven't got any address at all. Give me Aleck's, Ted Day's and any of the others you can get. I had a letter from my mother yesterday. This is all I shall say just now as I am trying to write everybody, but when I am settled down a bit I will write again. Tell my kindest regards to all and give them a little feeling pet at meantime. Best wishes to Mrs. Ode and the children—Your old friend,

GEORGE L. PROCTOR.

Sergeant H. S.G. Fear, of the 187th, recently reported wounded, has been sent to England, according to word received by Mrs. Fear yesterday.

Private Fred Evans arrived home a short time ago from the fighting line. He went over with the first contingent and has seen a great deal of service. He was wounded in the right arm. He is now at the Ogden Home, Calgary.

Sergeant Major "Jock" Oliver arrived home from Blighty, in Calgary, yesterday morning. He was expected home last week or today. He joined up with the 12th C.M.R.

Trooper E. C. Caswell, who went over with the 1st contingent and joined up with the Royal Canadian Dragoons, and who has been home on leave for some time, will not have to return to France. He has been examined by the Medical Board at Edmonton, and placed on class C.I. He is in Calgary at the Military Depot at the present time.

DROPPED 800 FEET.

J. Arthur Carwell, writing from Rathburn Camp, Deseronto, Ont., says: I have been getting quite a lot of flying lately. On Wednesday I had quite an experience some 35 or 40 miles from home. My engine went on the bumper, a cylinder blew out, or was broken by a loose connecting rod, and my propeller stopped. There was a good deal of pretty close to where I was however, and I was only some 500 feet high, so I made a good landing alright and was tickled to death. Of course, I was quite the hero to the admiring crowds which came to see if I was killed. The farmer was really frightened over the harm to his old bird, and I promised not to do it again and he forgave me. One or two nice girls came over from Belleville College, so, of course, the affair did not altogether hurt my reputation. I had to stay there all night, however, and they had to come with a truck to cart my machine home.

HILLSDOWN & VALLEY CENTRE

Hillsdown and Valley Centre Red Cross bazaar, Thursday, 18th inst., on Mr. Morchen's place. All proceeds for the benefit of the Red Cross. A sale of work, etc. Come and have a good time. Everybody welcome.

During the quarter ending June 30th, the Hillsdown and Valley Centre Red Cross bazaar, made up and sent off the following articles:

55 P. bandages
18 many-tailed bandages
124 muslin handkerchiefs
100 p.p. bags
50 bladders
7 slings
14 wringers
17 h.p. covers
85 pillow slips
2 towels
52 pair bed socks
21 pair socks
A total of 495 articles.

They also sent \$6.00 to the Ogden Home and \$50.00 for medical supplies.

E. S. JANSEN, Sec.-Treas.

EVERY AUSTRIAN DRIVEN BACK ACROSS PIAVE RIVER

RECAPTURE OF COASTAL ZONE, CROWNS BRILLIANT VICTORY IN FIRST GREAT BATTLE OF RECOVERY.

Rome, July 8th.—"After five days of uninterrupted struggle," says a telegraphic dispatch, "the Austrians have been completely driven back to the left bank of the new Piave Saturday afternoon."

"The recapture of all the coastal zone between Capo Sile and the Piave, which the enemy had occupied and held since November, brilliantly crowns the victory gained by us in the first great battle of our recovery and enlarges the zone of protection for Venice."

"Although since the fifteenth of June, 223 officers, and 23,911 other ranks have been made prisoners. We also captured 62 guns, 16 trench mortars, 1,234 machine guns, 3,700 rifles, two airplanes, five million rifle cartridges, many thousands of shells of all kinds, and a large quantity of telephone instruments, and recovered our artillery and material, which, in the advanced zone had to be abandoned during the first phase of the struggle."

London, July 8.—While there have been local encounters of more or less local importance along the battle line in France, there has been little activity of significance in its bearing on the general tense situation from the North Sea to Switzerland.

On the British front east of Amiens, Australian detachments with whom Americans are brigaded, have pushed further east from the little village of Hamel, south of the Somme river. The Australians carried their line forward over a front of nearly four miles at that point last Thursday and in their last assault they have advanced about a mile at the centre of the new front, which they created last week. The operation was successful in that objectives were reached and are being held by the men from the Somme.

Further north, along the southern slopes of the Lys salient, there has been quite heavy artillery firing especially in the Hinges sector. During the fighting in April, when the German had pushed far ahead of the Flanders area, the battle north and east of Hinges was one of the most desperate character, the village of Locon being the scene of repeated combats in which German attacks were crushed by the British defence.

In the French sectors, in the Oise, Soissons and Rheims sectors, only partial encounters have been reported. The Americans and French have been quite active near Chateau Thierry, where the French have made some advance in the neighborhood of hill 204, on the north side of which the Americans attacked and captured the village of Vaux last week. The French report some minor success in this fighting, while the Germans claim that the French and Americans assaults were repulsed with heavy loss.

ELIAS CODE PASSES TO LAST LONG REST

The old timers of the Red Deer district, the worthy pioneers who have helped to make this great province what it is, are slowly passing to their last long sleep, and few were better known in this district than the late Elias Code, who died at his home in Springfield on Sunday last, after a protracted illness of many months, of heart failure.

Deceased was born at Smith's Falls, Ont., and came of good old U.E. loyalist stock. He was married to Elizabeth McLean 46 years ago, and he, together with his wife and six children came west and settled in the Springfield district in 1892, where they have resided ever since.

He was a staunch member of the Presbyterian Church, a loyal citizen, and an upright man. He was a life long conservative, but independent in thought and action, and was a great friend of the late Sir John A. Macdonald. He was the second President of the Red Deer Agricultural Society, following the late Dr. Leonard Gault in the early history of Red Deer, and always took a great interest in Agricultural matters.

Besides his sorrowing widow, he leaves one daughter and six sons, to mourn his death, namely, Mrs. W. J. Reay, W. P. and Duncan, of Springfield, J. B. and Elias who reside at Bridgton, Alta., and James and D. G. who reside at Chauvin, Alta.

The funeral, which took place yesterday, Tuesday, afternoon, from the family residence at Mount Pleasant Cemetery, was largely attended, the funeral being under the auspices of the Masonic order, deceased being a member of St. John Lodge, No. 63, Carlton Place.

The News joins with the many friends of deceased in extending sympathy to the bereaved wife and family in their great affliction.

WHEN FOCH STRIKES.

Many individuals among the Allied forces may be putting to themselves a query something like this:

The Germans have made big gains of territory, much of it most difficult. A large section of the Allied lines has been swept back. Even if the German drive is finally held, and the Allies regain a slight numerical superiority, what about the time and cost of driving the Germans back to establish their definite military defeat?

Other Allied offensives have been long costly affairs, with comparatively little strategic advantage.

Fortunately, says the Mail and Empire, there is an answer, and the answer is one. Even if the latter part of the 1918 campaigning season finds the Germans farther into France in many places than they are now, so long as the Allied armies are intact and undefeated, measures now in hand, with United States assistance, should rapidly discomfit the Germans. The air plane programme, for instance, ought by the spring of 1919 to have placed in France such an offensive power that existing standards will go by the boards as they are now doing. Six American factories are now turning out 600 Liberty motors a day, or 12,000 a month. If the total contribution of airplanes by spring is 25,000, a reasonable estimate, the long communications of the German armies through Belgium and France can be broken by bombing. Germany may be able to keep pace with British and French aircraft production, but with the added United States' replacements in that particular. Sufficient American planes will be available when required.

Once the Allies pass the present emergency, they will have reason to expect rapidly accumulating superiority in moral and material forces. Germany will have been decisively defeated, in that it has been unable to win victory in the West with its maximum power.

TRANSPORTS SANK
FIVE HUN U-BOATS

ONE TRANSPORT WITH 7,000
SOLDIERS ON BOARD DESTROYED
THREE GERMAN SUBMARINES

An Atlantic Port, July 4th.—De-
struction in European waters of five
German submarines by British trans-
ports, and by American and British
destroyers conveying them, was de-
scribed here today on a British liner.
The transports, one of which was car-
rying 1,000 American soldiers to a
European port, accounted for three of
the U-boats, and the destroyers sank
the other two, according to the pas-
sengers. Officers of the liner con-
firmed the story.

The passengers witnessed the tor-
pedoing of the 5,438 ton British freighter
Orissa, which was part of their con-
voy, when the fleet was approxi-
mately a day out, steaming west from
the British Isles. The Orissa, bound
in ballast for the United States, was
sent to the bottom by an unseen sub-
marine. A moment later, however, an
American destroyer detected the un-
dersea boat below the surface, and
dropped a depth bomb making a di-
rect hit, according to the story related
here. The same evening, a U-boat
was sighted by the passenger vessel,
whose gunners sank it by shell fire.

The other three submarines were
destroyed, according to the returned
travellers, on the eastward trip of an
other convoy. They declared that a
large British transport with 7,000
American troops aboard, rammed a
submarine, which was revealed with
two others in the sudden lifting of a
heavy fog. Almost simultaneously
with the disappearance of the first
submarine beneath the transport's
bow, the big ship's gunners accounted
for another of the German craft, while
a British destroyer disposed of a third.

RED CROSS WORK

Returned July 2nd, 1918, as follows:

CZECHO-SLOVAKS IN VLADIVOSTOK RALLY RUSSIANS.

Washington, July 4.—Unexpected
developments of strength by the
Czecho-Slovak bands which are mak-
ing their way across the Siberian
plains from European Russia, has at-
tracted the attention of the officials
here and formed the basis of earnest
conferences among the diplomatic
representatives of the Entente Powers.
Official reports received today con-
firmed and amplified press dispatches
that the Czecho-Slovak bands had taken
over administration of the Pacific port
of Vladivostok, after overcoming
armed opposition by the Bolsheviks,
in a battle in which they were consid-
erable loss of life. The significance
of this event, as seen by officials, lies
in the fact that there now is a real
nucleus in Siberia for the gathering
of the various elements which have
revolted against Bolshevik control.

While it is by no means certain that
the Entente Allies or America are dis-
posed at present, at least, to take ad-
vantage of the situation thus created
to begin a military campaign in that
quarter, it is regarded as a valuable
asset in the solution of the problem.

CANADIAN FLYERS WILL NOW TRAIN ON ENGLISH SOIL.

Toronto, July 4.—With the comple-
tion of their training at the school of
military aeronautics one hundred Can-
adian cadets of the Royal Air Force
will be sent to England for their ac-
tual flying training. It is understood
that this means the inauguration of a
change in the training of Canadian
Up to the present all the elementary
flying has been done before the cadets
were sent overseas to England, but
now they are to receive their flying
and English training in England.

Heretofore fliers who were not
retained in Canada for instructional
purposes were sent over as pro-
visional lieutenants, and their com-
mission was confirmed after a
course in advanced flying with the
service machines. The move has been
made, it is stated, because all the Can-
adian cadets are taxed to handle the
men they have.

HOW TO GET RID
OF RHEUMATISM

"Fruit-a-lives" Point the Way
to Quick Relief

VENONA, Ont.
"I suffered for a number of years
with Rheumatism and severe Pains
in my Old and Weak, caused by
strains and heavy lifting.
When I had given up hope of ever
being well again, a friend recom-
mended 'Fruit-a-lives' to me and
after using the box I felt so
much better that I continued to
take them; and now I am enjoying
the best of health, thanks to your
wonderful fruit medicine."

"Fruit-a-lives" are sold by all
dealers at 50c. a box, 6 for \$2.50,
trial size 25c.—or sent postpaid by
Fruit-a-lives Limited, Ontario.

CHINESE SENDING
SUPPLIES WHICH
HUNS WILL GRAB

HARBIN CORRESPONDENT OF
DAILY MAIL WARNS AGAINST
REMOVAL OF EMBARGO.

London, July 4.—The Daily Mail
gives prominence to a dispatch from
its Harbin correspondent to the effect
that goods badly needed by the Ger-
mans are being sent to Russia by Chi-
nese merchants and are almost cer-
tain to fall into German hands.
China, according to the correspon-
dent, has removed the embargo on the
transportation of food and goods to
Russia, which originally was adopted
as a war measure intended to com-
plicate the economic blockade of Ger-
many, on the ground that imports to
Russia can not influence the war, that
Chinese residents in Russia have been
suffering from the embargo and that
Chinese commercial interests are suffer-
ing severely.

HUNS WILL GET SUPPLIES.
Vessels already have sailed for
Blagoveshchensk on the Amur river,
loaded among other things with con-
tinental goods, blankets, tobacco,
and spirits—"the very things Germans
most need."

The correspondent contends that the goods are likely to
be sent to Stretinsk, "where there is
no guarantee against their falling into
German hands."

The correspondent remarks there
is no certainty as to how long the
Czecho-Slovaks will retain control.
He admits that the exports would be
defensible if intended to relieve the
needy and starving people in Eastern
Siberia, but he seems to show that this
is not happening and that the whole
business is one of unemotional com-
merce.

The Mail comments on the dispatch
as a disquieting development consti-
tuting a big leak in the blockade, but
blames China less than the Allies. It
contends that the Allies culpably
neglected to help Russia by way of
Siberia.

RED DEER CHAUTAUQUA

Will Be Held on August 6th
to 12th

A meeting of the guarantors of the
Red Deer Chautauqua was held on
Monday evening in the office of the
Smith Land Commission. The advance
representative of the Chautauqua, was
present and spoke of the splendid suc-
cess the Chautauqua was having this
year and with the stronger programme
that was coming here this year, Red
Deer should go "over the top."

The local committee feel that with
the great success of last year's Chau-
taqua and the excellent programme
promised for this season, they should
have no trouble in disposing of the
tickets and making the Chautauqua of
1918 ever more enjoyable than ever.
The dates this year are August 6th
to 12th.

The following officers and commit-
tees were elected:
President—T. A. Gaetz
Secretary—W. K. Wickens
Treasurer—C. G. Gamble
Ticket Committee—H. F. Kenny, W. A.
Moore, Dr. DeLong, W. K. Wickens
Advertising—A. H. Moyes, P. E. Gran-
not, P. Turnbull
General Arrangements—T. A. Gaetz,
Smith Land Commission, R. J. Ramsey
Reception Committee—W. A. Moore,
H. F. Kenny, W. K. Wickens
Junior Chautauqua—Miss Jean Ram-
sey

The Committee will meet every Mon-
day evening at 8 o'clock in the office of
the Smith Land Co.

RED DEER BOWLING CLUB

A meeting was held in the Public
Library on Wednesday night, when it
was decided to form a Lawn Bowling
Club for the city. Good prospects of
membership, the acquisition of balls,
etc., were put forward, and in order
to further the organization, it was ar-
ranged to hold a meeting in the City
Hall on Tuesday evening, July 9th, for
the purpose of organizing and electing
officers. As there are many in the
city who are interested and who have
not yet been approached, a welcome
will be given to all who wish to join
the Club. The entry fee is to be kept
as low as possible in order to make
the games available to as many citi-
zens as possible. Ladies are invited
and already some ladies have signified
their intention of joining. Any partic-
ular to be had of Rev. W. W. Brown,
or to T. H. Pavay, at the News of-
fice. Keep the date in mind and be at
the City Hall at 8 o'clock on Tuesday
night.

POTASH FIELD NEAR CZAR TO BE DEVELOPED.

Chas. W. Law, representing the in-
terests developing the potash field at
Czar, says that the previous reports
of the discovery as given to the Press
were authentic.

Potash has been discovered in large
quantities and preliminary machinery
is already on the ground to make the
necessary tests and the near future
will see developments of importance.

A large flat boat equipped with
pump and piping for obtaining and
delivering the solution to the large
evaporating kettle, as well as the ket-
tle and evaporator, have been un-
loaded at Czar and are awaiting trans-
portation to the lake, ten miles away.

Red Deer Fair, July 29-31

Hail
Insurance

We can give you almost any hail in-
surance Company you want, at the same
rates as last year.

We pride ourselves on having the
strongest companies in the business.

The hail insurance charge is a neces-
sary business protection. As a matter of
straight business and horse sense, the ex-
penditure of the farm should carry a hail
insurance policy just as much as a fire in-
surance policy or a life insurance policy. It
does not pay to take chances.

Let our staff show you our companies
and our charges. Our record ensures satis-
faction.

TERRIBLE TOLL OF LIFE TAKEN ON Llandovery Castle SUNK BY HUN TORPEDO

ONLY 24 OUT OF 258 ON HOSPITAL SHIP ARE RESCUED.

CANADIAN MEDICAL MAN RELATES EXPERIENCES.

London, July 2.—A thorough search of the waters in the vicinity of the spot where the Canadian hospital ship Llandovery Castle was sunk by a German torpedo has resulted in no further survivors being found. An official statement issued by the admiralty says it may be assumed that only 24 out of the 258 persons on board were saved.

The admiralty statement says: "The area between the spot where the Llandovery Castle was sunk and the southwest Irish coast, has been thoroughly searched by two groups of his majesty's ships, in addition to the destroyer Lynander. Only a little wreckage and one empty boat was found. It may be assumed that there are no more survivors from the Llandovery Castle."

MAJOR LYON TELLS STORY.
Major T. Lyon, of the Canadian Medical Corps, who suffered such severe treatment when he was taken from the captain's boat and dragged aboard the German submarine, has been brought to a hospital in London. "I dread to think what would have happened to an American flying officer had he been in my shoes," said Major Lyon today. He then related

to the Associated Press his experiences with the Germans.

"The Germans," he said, "seemed obsessed with the idea that American aviators were aboard, and it took us some time to convince them otherwise. Almost the first words they used when approaching our lifeboat were: 'Where is the flying officer?'"

SHOOT OVER HEADS.
"This was when the German commander ordered us to come alongside and we explained that the slight delay in the darkness was due to an endeavour to rescue a man in the water. Then it was that the German commander threatened us, again asking 'Where are those Americans?' and then shot over our heads with his revolver and made more threats."

"Capt. Sylvester, master of the hospital ship, went aboard the submarine first, remaining perhaps five or ten minutes. Then they came after me. The second officer on the submarine grabbed me by the hand and I was jerked aboard, a bone in my foot being broken."

"I ascertained afterward that the Germans had questioned Sylvester as to whether a wireless message had been dispatched asking for assistance and about American flying officers. I was taken to the conning tower and kept standing about three minutes, while I was interrogated by the German commander regarding my being a medical officer. I saw eight or ten

MAGIC BAKING POWDER
MADE IN CANADA
CONTAINS NO ALUM

men while aboard. All of them spoke English. Finally they sent me back to the lifeboat, my story having tallied with Sylvester's.

DOUBTS GENUINENESS.
"This seemed to surprise the Germans, as they pretended to be sure that aviators were on board. I have my doubts about this belief being genuine, my idea being that the Germans simply used this as a pretext for the torpedoing of the Llandovery Castle."

Major Lyon was propped up in bed. Apparently his foot pained him and the interview seemed to tire him slightly. A young wounded British officer, just from the front, was much amused at Lyon's calmness in telling of the disaster and his eagerness to get the interview over with.

Major Lyon related how the Germans pursued them soon after the lifeboats put away from the submarine and called for the ship's second officer, who was taken to the conning tower and questioned at length regarding the explosion as the vessel sank. The Germans apparently had beforehand information as the commander of the submarine, said Major Lyon, had asked about eight flying officers. Eight medical officers had intended to make the trip, but one did not sail at the last minute, because of illness.

Finally the second officer returned to the lifeboat and the submarine began running down the wreckage and any floating object.

TRIED TO RAM BOAT.
"The submarine," continued Major

Lyon, "a little later made for us, missing our stern by two feet. I believe the Germans tried to ram us, but they did not shell us or run us down we could not understand. After our experience, we all agreed that their first intention was to sink without trace, but why they spared us is inexplicable, unless it was because most of the survivors in the boat were men of the sea, and they tell me there is a sort of freemasonry among them."

"As the submarine disappeared in the darkness we heard ten or twelve shots, one over our heads. I shall never forget the cries of the helpless men in the water clinging to the wreckage that night. While the sea was rolling, it was not really rough, and I believe that if the Germans had not delayed us we would have been able to assist quite a number."

"I was in the smoking room when we were torpedoed. I first went to the staterooms of several nurses, but all were empty. I saw one nurse ascending the companionway, but never got another glance of the woman, although one survivor said he saw a boat with fourteen of them capsized."

NO PANIC ABOARD.

"Despite the darkness, there was no panic aboard, and no cries for help until an individual reached the water. My boat was the last to leave the ship. The Llandovery Castle began settling rapidly, first listing and then straightening herself as the bow began pointing skyward."

"We were within 40 feet as she settled, going down so gradually that we did not notice any motion. My last glimpse of the ship showed the bow sticking straight up out of the water like a giant wounded shark and going to her death without a struggle. This was before our experience aboard the submarine."

"The Germans sent us aloft into the darkness without a word of farewell, suggestion, direction or anything, but we were thankful to get away from them. The uncertainty of our position overcame thoughts of my own injury, but above all, I could not help wondering what had become of the others. After the submarine disappeared with a splash, all was stillness—a terrible stillness. There were

no more cries for help heard.

RESCUED BY DESTROYER.

"Then a long night. After thirty-six hours we were rescued by a British destroyer, and here I am with every comfort and attention, but I cannot help but feel that if the Germans had not interfered, we could possibly have saved many of those poor souls in the water clinging to wreckage and crying for help that never came."

Major Lyon formerly lived in Vancouver, B.C., but entered the medical service from his home town, Edinburgh.

SEAMEN PROTEST.

London, July 2.—Six hundred seamen and stewards of Liverpool have passed a resolution strongly protesting against the latest crime of sinking the hospital ship Llandovery Castle without warning and urging Havelock Wilson, their president, to add another five years to the after the war boycott of the Germans "For this most diabolical and most cowardly murder of our brothers on the high seas."

FIVE DIRECTORS FOR ROYAL BANK.

Winnipeg, Man., July 3.—In order to take care of the largely increased western business of the Royal Bank of Canada, due to the absorption of the Northern Crown bank, three new directors have been appointed, Capt. William Robinson and A. McTavish Campbell, late directors of the Northern Crown bank, and W. H. McWilliams, managing director of the Canadian Elevator Company.

The Royal Bank will now have a committee of five directors in Winnipeg, consisting of G. R. Crowe, chairman; D. K. Elliott, Capt. William Robinson, A. McTavish Campbell, and W. H. McWilliams. All matters pertaining to the bank's business in the central west will be dealt with by the Winnipeg committee.

Robert Campbell, late general manager of the Northern Crown bank, becomes supervisor of the central western branches for the Royal Bank of Canada; S. G. Dobson, late supervisor, will remain in Winnipeg for a few months, after which he will be transferred to the head office of the bank in Montreal.

BANK OF MONTREAL

ESTABLISHED OVER 100 YEARS

A Joint Bank Account

A Joint Bank Account enables man and wife, or two members of the same family, to have a Savings Account in common, and make deposits and withdrawals individually.

C. C. Gamble, Manager, Red Deer Branch.

MUNITIONS PLANT WRECKED, MORE THAN FORTY-FIVE DEAD.

Syracuse, N.Y., July 3.—Forty-five men were killed in the explosion of the plant of the Semott-Solvay company at Split Rock, just west of this city, last night. Forty-two bodies had been recovered at 8 o'clock this morning, and there are three more in the ruins.

The injured number at least eighty.

Most of them are the local hospital but many of them were removed to their homes in the rush to remove them quickly from the scene of the disaster. Many of the injured are expected to die.

At least half of the great munitions plant was wiped out by the fire and series of explosions which followed. At least ten buildings were destroyed and the property damage will exceed \$1,000,000.

Protection and Profit

When money is in a Savings Account in The Merchants Bank, it is absolutely safe from loss, as far as you are concerned. All the time it is here, it is earning interest—so that the bank actually pays you to let it take care of your money. Don't carry unneeded sums on your person or hide them at home. Protect them against loss, theft and fire by opening a savings account.

Sub-Agency at Penhold open Mondays and Thursdays.

THE FRITCHES

This attraction is our idea of one that will hold the audience spell-bound. A scream every second they occupy the stage. They look funny, act funny and keep the audience in suspense. They are extraordinary acrobats, and with the help of their chairs and tables they present a unique attraction wherein they take the most ludicrous falls. A brilliant piece of genuine comedy with a burlesque finish. This act will surely be the hit of the bill.

HOBSON & NICOL

The roller skating act performed by the above comedians consists of knockabout slap stick comedy and funny falls. A scream from start to finish.

BE SURE TO ATTEND THE Red Deer Fair

BALZER SISTERS

Three pretty young ladies performing a bewildering and captivating act of skill and daring. The most difficult feats ever attempted by women high in the air revolving at terrific speed. A sensational and awe inspiring attraction.

The above is a likeness of Miss Ella Balzer, a member of the Balzer Troupe, who is considered one of the best developed women in America, besides being an extraordinary athlete. Possessing rare acrobatic abilities she still retains her feminine charm. She is one of the most daring aerial performers ever before seen, possessing unlimited grace and charm.

BRITISH WOMEN IN THE WAR

NOT ONE IN FIVE MILLION HAS
FALTERED OR FAILED IN
HER HEROIC EFFORTS

According to official announcements there are, at the present time, 4,538,000 women and girls employed in classified trades that are under the jurisdiction of the British Board of Trade. These figures are exclusive of women employed in small trades and on the land. Domestic servants are also excluded. All hospital helpers, Red Cross and other nurses are not counted. Taking all classes of British women war workers the total is considerably over 5,000,000.

Less than 200,000 women were employed in Great Britain before the war began and these were mostly in textile mills. The report for 1917 gives 198,000 in government offices exclusive of civil service and local government. The latter two employed 146,000. Munition workers numbered over 800,000; workers in chemical and engineering plants, 200,000; land workers, 100,000 (with an additional 30,000 called for this summer) and thousands as mechanics, motor drivers, ambulance drivers, street car and omnibus operators, cab drivers, every sort of railway work, letter carriers, bank clerks, and office workers of every kind. Recruiting goes on steadily in all these lines and the response has been to the tune of 15,000 a week.

The spirit of these women is wonderful. Difficult work and dangerous work is not shunned but taken up cheerfully. Extra hours are taken as a matter of course. "We're not tired!" is their motto and when holidays are mentioned the reply is: "What would our men at the front do if we go holiday making?" Girls who never tied their own shoes nor stuck to anything continuously for thirty minutes, work contentedly through a long day for weeks and months on end with their former maids or women from the fields.

Skilled workmen have been glad to teach these brave and plucky women the secrets of trade efficiency. Excavating for factories, actually laying the bricks and doing the carpentering is being done every day in order to release men for the front.

"Farmettes" is a name which carries a pleasant suggestion of picturesque employments, but too often it stands for such unenviable tasks as cleaning pigsties or such nerve-racking work as tending horses when one is actually afraid of the creatures. "Make the most of yourself and be worthy of the trust that has been placed in you," was the British Government's advice to applicants for service in the Women's Land Army. One of the more than 5,000,000 women engaged in war work has failed to heed the message.

WANTED—Good General Servant—Apply to Mrs. A. E. Foster, 67 St. North, Red Deer. Mar. 27.14

BELGIAN MILITARY SERVICE.

"All Belgians born during 1899 are under the obligation, according to the Decree of February 20th, 1918, to register with the nearest Belgian Consul for military service."

Those who enlist with the Canadian Overseas Forces before July 15th, 1918, are not obliged to register."

The registration forms will be supplied by the nearest Belgian Consul by verbal or written application.

The Consul General for Belgium in Canada.

By order: H. de B. L. E. T. Acting Consul for Belgium at Calgary, Alta.

ALBERTA MOTOR LEAGUE

R. B. Welliver received the following letter regarding the annual meeting of the Alberta Motor League, to be held in Edmonton July 12th and 13th. Every motorist should make an effort to attend the meetings in the interests of good roads.

Secretary's Office,
70 Union Bank Building,
Calgary, June 29th, 1918.

Dear Sir—I am instructed to advise that the dates for the annual meeting of the Alberta Motor League have been set for July 12th and 13th, in Edmonton. Please accept this letter as an official notice and invitation to this meeting.

It is the desire of the directors of the League and the Clubs affiliated with it to make this meeting the biggest thing that has ever been pulled off in motorist circles in the Province of Alberta, but to achieve this we must have the wholehearted support and co-operation of every member of the League and I earnestly ask you to give this meeting as wide publicity as you possibly can by amongst the motorists in your vicinity.

Calgary, Lethbridge, Medicine Hat, Taber and many other towns in the southern part of the Province are organizing automobile tours, and to bring them that their parties will reach the Capital on the evening of July 11. If you have not already commenced organizing a tour of the motorists in your town I should be glad if you would undertake this work and endeavor to get as big a representation of the car owners in your vicinity as you possibly can to go to Edmonton and help make things lively during this big booster meeting.

The Edmonton Exhibition will be on the same week, and Edmonton is donating three large silver cups, costing \$450.00 to be given to the outside clubs as follows:

- 1st to the club bringing the largest number of cars;
- 2nd to the club bringing the largest proportion of its membership;
- 3rd to the club sending at least 5 cars from the greatest distance.

These cups are to remain the property of the successful club for a period of one year and will again be competed for at the next annual meeting. In order to obtain complete ownership, the cups must be won two consecutive years in three different times, not consecutive.

If anyone should not care to drive all the way to Edmonton in their car, ask them to take a train, an aeroplane, a bicycle or any means of locomotion, as they get there, because we need them all to make this meeting a success.

If notice of the meeting has not already been inserted in your local paper, please be so kind as to give mention made of this big event.

Again asking for your co-operation in making this meeting a success, and hoping to see you in Edmonton on July 12th and 13th.—I am, yours very truly,

H. NEWCOMBE, Secretary.

NEW DEPARTMENT OF HOUSEHOLD ECONOMICS AT THE UNIVERSITY.

At a recent meeting of the Board of Governors, Miss Mabel Patrick, B.A., an honors graduate in Household Science of the University of Toronto, and at present on the Staff of the Manitoba Agricultural College, was appointed to take charge of the course in household economics which is to be put into operation at the University of Alberta the coming autumn.

Authority was given by the Senate for a year ago for the institution of this work, but unsettled conditions rendered it inexpedient to begin courses in 1917-18. The rapidly increasing number of women students, however, together with the coming to the University of women graduates of local Provincial Schools of Agriculture, has resulted in the decision of the University authorities to open at once courses in household economics. The work is being carefully planned to meet the requirements both of those who wish to take a degree and also for those who desire short course or, special work.

At the same meeting of the Board of Governors, the appointment was also made of Miss L. A. Smith, B.A., an honors graduate of McGill University, as Demonstrator in the Department of Physics.

CLEARVIEW SCHOOL DISTRICT 638

The following are the results of the June examinations for S. D. 638:

Grade VII	
(Promoted to Grade VIII)	
Mildred Calkins	73
Philip Meeres	68
Percy Gaetz	66
James Trimble	63
Clairo Speis	63
Grade V	
(Promoted to Grade VI)	
Mary Comfort	84
Dorothy Trimble	78
Venne Speis	72
Alta Patterson	66
Grade V	
(Promoted to Grade VI)	
Edna Trimble	82
Kenneth Trimble	80
Mary Comfort and Dorothy Trimble	are entitled to First-Class Honors.
Special mention must be made of Venne Speis who has practically covered two years' work in one, and wins the teacher's general proficiency prize of one dollar.	
M. J. GIBSON, Teacher.	

EXPERTS THINK HUNS WILL STRIKE DOUBLE BLOW IN NEW DRIVE

MILITARY MEN EXPECT ONE
MAIN OFFENSIVE WILL BE
DELIVERED AGAINST BRITISH

Toronto, July 4.—William Cook, in a special dispatch to the Mail and Empire from Paris, says he says that the Paris from the battlefield leads military observers to believe that the German high command will conduct two main offensives, striking for the channel ports with the hope of cutting off the British and making a drive for Paris at the same time.

If this is so, military circles here expect two German blows—one on the Somme front against the British forces, the other on or near the Marne with the intention of driving back the Americans and French.

Paris, July 4.—There are fully 220,000 fighting men in the American lines around Chateau-Thierry where desperate fighting has been going on for the last two days, resulting in the capture of 1,200 German prisoners and the killing of several thousand additional. The first, second, and third divisions are included in the army corps, which is under the command of Gen. Liggett. Major de Givieux, military critic of the Matin, lays particular emphasis upon the importance of the latest successes of the American forces west of Chateau-Thierry.

WILD BEAST AT LARGE MUST BE DESTROYED, DECLARED BONAR LAW

London, July 3.—Mr. Bonar Law, speaking in the house yesterday, said that one would have thought that such a new and terrible German atrocity could have happened, but the sinking of the Canadian hospital ship "Llandovery Castle" was an unexcusable outrage. Nothing could be gained by talking about this last example of frightfulness. "The wild beast at large," said the speaker. "There is no use arguing or reasoning about it. The only thing to do is to destroy it. (Cheers). That is the duty and it is up to the allies to set their teeth until that end is achieved."

STUDENTS AT OLDS TAKE FIRST PRIZE AT CALGARY FAIR.

Students from the Animal Husbandry course at Olds Agricultural School won the first place in the competition held Wednesday at the Calgary Exhibition for students of the different agricultural schools of the province. A group from the animal husbandry classes of each school are chosen and enter in competition with those from other provincial agricultural schools in the judging of live stock. The live stock that is being shown at the exhibitions is used for the purpose.

The competition was established some three years ago when A. E. Myers, now superintendent of agricultural schools in the province offered a trophy for the winning school. It was won for two years in succession by the Olds School and so went into them permanently, it having to be won two out of three times. This year Frank Collicutt, of Calgary, offered a trophy for the same purpose, and the Olds School is starting out again to win it home. The same conditions attach to the new trophy as to the first.

PATRIOTIC LECTURE ON OPENING NIGHT

Capt. Wood Briggs of Texas National Guard comes to Chautauqua.

The government has recognized the Chautauqua platform as one of the chief avenues of reaching the American people with needed information during war times. Wood Briggs, well-known lecturer, Captain of the Texas National Guard, will be the speaker on opening night.

WOOD BRIGGS

ditional Guard. Is one of the several government-accredited lecturers sent out by Washington. Until his recruitment is ordered abroad he is to devote his remarkable talent and energy in helping "mobilize the mind" of the people. Into his lecture, "Days of the Future," is woven a stirring patriotic appeal. Capt. Briggs has the ability to enliven and stir his audience to action. His appearance on the first night of Chautauqua in a patriotic lecture sounds the keynote of the week.

ALL IN A LIFETIME

The only service of its kind that has ever taken place in the world's history occurred here last week when in St. Paul's Cathedral, London. No gathering ever before assembled in that historic place has equalled this in historic grandeur. More famous personages have been concerned in services held in St. Paul's, but nothing more sublime has ever been celebrated. Five thousand war nurses gathered to honour the memory of the three hundred and fifty nurses who have given their lives in the great world war. Their sacrifice was sublime and the acknowledgment of its worth by the British Government was also sublimely impressive.

In this "home church" of the Empire the Archbishop of London, speaking from the words "Not one of them is forgotten in the sight of God," paid a beautiful tribute to the noble women who are worthy followers of the "Lady with the Lamp," who, less than a century ago set the example to all nurses whether in peace or war and gave the impetus to what after wards became the Red Cross Society. What does the world owe to Florence Nightingale?

The five thousand nurses were merely representative of their profession but the tremendous part which they are carrying of the war load will be better appreciated after a careful study of the list. There were members of Queen Alexandra's Imperial Nursing Service, Queen Alexandra's Imperial Nursing Service Reserve, Queen Alexandra's Royal Naval Nursing Service, Colonial Nursing Association, Territorial Force Nursing Service, the British Red Cross and Order of St. John, the Scottish Women's Hospital, the Australian, the Canadian, the Indian, the New Zealand, the South African Nursing Service, the Serbian Relief Fund and the Y.A.D.s.

When one recalls that Florence Nightingale would have been ninety-eight had she lived until May 15th of this year, that she died only four years before this war began and that only a little more than half a century ago she began her great work by coming the first army nurse, one can see a believer in the existence of unbounded opportunities for women to fit themselves for worthwhile work. Where is there a greater example of the sure reward of untiring devotion to a great cause than this list of history with Florence Nightingale at its beginning, and the impressive St. Paul's service as its last instance?

Immediately before the pulpit from which the Archbishop spoke was a memorial which was unveiled by Queen Mary two years ago—a memorial to Florence Nightingale, the first war nurse, and the first woman to be thus honoured in St. Paul's. The list of history with Florence Nightingale at its beginning, and the impressive St. Paul's service as its last instance.

FOURTH OF JULY SPLASH OF SHIPS HEARD IN STATES

SHIPBUILDERS OF AMERICA CELEBRATE DAY OF INDEPENDENCE
ACCORDING TO THE PRE-ARRANGED SCHEDULE

Philadelphia, July 4.—The great fourth of July splash of ships which Charles M. Schwab, director general of the emergency fleet corporation said would re-echo in the ears of the American people took place today as planned by the shipbuilders of the United States. From one minute after twelve o'clock last night, when the ship was launched at Superior, Wis., until late today, cargo carriers and other types of vessels were sent out on board in every part of the country to help build the ocean bridge for the allied fighting forces in Europe.

The offices of the emergency fleet corporation were kept open all day and late into the night to receive reports of the launchings. Incomplete reports gave the number sent over board of 52, of which 33 were steel and other nineteen wood. The figures do not include the launching of small vessels which are being built directly under the supervision of the navy department. Curtailed wire communication, due to the holiday, is the cause of the delay of the corporation officers to receive fuller reports of the exact number of the big fleet. The exact number will probably not be known until tomorrow.

Up to shortly after midnight 55 launchings had been reported to the fleet corporation, aggregating 229,334 tons dead weight. They represented 36 steel ships and 19 wooden.

DIARY OF A GARDENER.

Monday—Spading up garden, leveled seed beds.
Tuesday—Laid up seed beds, planted radishes.
Wednesday—Made new beds, planted radishes.
Thursday—Killed Jones' hen, blacked up.
Friday—Jones' dog bit me, broke her on him.
Saturday—Made new seed beds, planted radishes.
Sunday—Rain, snow and sleet.

MANY CADETS FOR FLYING SERVICES OBTAINED IN WEST

APPROXIMATELY 2,000 HAVE
BEEN SIGNED ON SINCE
NOVEMBER 1, LAST.

NO MORE YOUNG MEN TO BE
ACCEPTED JUST NOW.

That approximately 2,000 cadets for the Royal Air Service have been obtained in Military Districts Nos. 10, 12 and 13, since November 1 last, was the information given by Major S. A. Hargratt, inspector of this branch of the service from Fort William to the Calgary or Winnipeg office, then in Calgary on one of his tours of inspection.

There were about 200 committees, he said, in the territory which he covered. Main committees were established at all principal points and sub-committees in every town of over 500 population. Those worked in connection with the one main committee and the latter reported at either the Calgary or Winnipeg office. These committees were well posted and were able to give any information regarding the air service.

LACK OF ACCOMMODATION.

There had been so many applications by cadets, he said, that for the present no more young men were being accepted. Applicants, however, who were accepted by the Military Service Act, were being placed on a reserve list, and as soon as vacancies occurred at the Toronto school the authorities there knew exactly where they could lay their hands upon the required number of men. The reason of the temporary shutting down was owing to lack of accommodation, but the school was being greatly enlarged and in about a couple of months they would be able to deal with all applicants. There were still vacancies for mechanics.

The major stated that training was completed in Canada as far as possible with the purely school machines here. The England they were given a course in the service machines in which they would fly in France or elsewhere.

Major Hargratt, who is located at Winnipeg when not travelling, was a member of the first Canadian flying corps and afterwards transferred to the Flying Corps, in which he has seen considerable service.

ONE-TENTH CROP IN SASKATCHEWAN IS KNOCKED OUT.

Regina, Sask., July 4th.—In a review of the crop conditions of Saskatchewan, Hon. W. R. Mather, minister of agriculture, stated today that he could not find justification for forecasting a wheat crop to equal the yield of last year, even with the large increase in acreage.

"One-tenth of the crop," said Mr. Mather, "is clean knocked out as the result of the winds and drought; six-tenths of the crop is capable of producing an average yield if we get sufficient moisture from now on, and three-tenths of the crop will run from one-fourth to one-half of the average crop even with the very best of weather. We do well if we get as much as last year, even with our increased acreage."

Last year's wheat crop for Saskatchewan totaled 114,000,000 bushels, or about two-thirds of the average yield. The yield per acre last year was slightly more than 14 bushels, as compared with the average for the last 10 years of 17½ bushels per acre. "It is useless to disguise the fact that the bulk of the crop is in a critical condition today, and it depends entirely on what the clouds have for us in the next six weeks the minister said.

FORTY-TWO HUN PLANES AND THREE BALLOONS DOWNED

BRITISH AIRMEN ACTIVE ON
DOMINION DAY AND ALL
RETURNED SAFELY.

London, July 3.—British airmen on Tuesday disposed of forty-two Hun airplanes and three balloons, according to the official report on aerial operations, issued last night. Of the airplanes, twenty-five were destroyed, fifteen were driven down out of control, and two landed behind the British lines, where their occupants were captured. The statement says:

"On July 1 our airmen were very active, the fine weather enabling much work to be done in co-operation with the artillery, as well as reconnaissance and photography."

"Twenty-five German machines and three German balloons were destroyed during the day. Five German hostile airplanes were driven down out of control. In addition, two large hostile night flying machines landed behind our lines, the occupants being taken prisoner. Eight of our machines are missing."

"Twenty-two tons of bombs were dropped during the day and thirteen tons during the night. All our night flying machines returned safely."

BRUMPTON & GAETZ LIMITED

Midsummer Clearance Sale of WHITE FOOTWEAR

We must clear up all our lines of White Canvas Footwear now; we need the room for new Fall Goods that are already coming to hand. Here is an opportunity that will be profitable to you. We have almost all the sizes in the various lines, although here and there some may be missing.

DRUG & BOOK CO.

Local and District Intelligence

Pianos tuned—J. E. Welton.

Mrs. L. E. Brough returned from her holiday last Friday.

J. J. Dale is spending his holidays with his family in Red Deer.

Mr. and Mrs. J. F. Day spent a few days at Calgary last week.

Miss Cowan, of Alberta Ladies' College, Edmonton, is visiting Mrs. Dorrance.

Joseph Wallace, J.P., has moved his office to the Smith Land Co. office, Ross Street.

Mrs. C. Lin of Spokane, is the guest of her sister, Mrs. Harry Low, East Avenue.

Mr. and Mrs. Stuart Klady, of Nordegg, passed through Thursday on their way home.

Mrs. A. H. Heworth is spending the summer months with relations in Huntington, Quebec.

Mr. and Mrs. Roy Downing, of Carmanagay, were the guests of Mr. and Mrs. Chas. H. White last week.

The Ladies' Aid of the Baptist Church will meet at Mrs. E. Greig's home this afternoon at 3 o'clock.

Miss Margaret McPherson, daughter of Sheriff McPherson, is recovering from an operation for appendicitis.

The Soldiers' Wives Club will meet at the home of Mrs. Dahl on Tuesday evening next, July 16th, at 8 p.m.

Mr. and Mrs. Sam Blakeley and Mrs. Henry Hart, of Cross Roads, are attending the Edmonton Fair this week.

Misses Margaret and Evelyn Inglis, of Edmonton, are visiting their aunt and uncle, Mr. and Mrs. Hart, of Cross Roads.

Any information you wish in connection with building will be readily furnished by the Manning-Sutherland Lumber Co.

Registration card cases, 25c and 40c each; croquet sets, flags, hammocks, and a good supply of school books at John McVicar's bookstore.

They are destroying dogs to save food in England. We might start something in Red Deer. How would it do to begin with the cats?

Watson Hall, C.P.R. trainmaster, passed through on Sunday, en route to the Memorial Hospital last week. He is recovering nicely.

Helen Vesi, who lives on the Sylvan Lake trail, had the misfortune to break her arm on her birthday, when she fell off a calf which she was riding.

Mrs. (Dr.) George and two daughters, Miss Nettie and Miss Yule, are spending a few weeks with Mrs. George's mother, Mrs. Bernard, Calgary.

The King Aerator and King Ventilating System, the guaranteed system for barns. See sample at Manning-Sutherland Lumber Co., Red Deer.

F. W. Galbraith, President of the Red Deer Agricultural Society, was in Calgary last week picking up any ideas he could that would be of interest to Red Deer Fair.

H. F. Kenny motored to Calgary on Saturday to Hanna on Sunday, and home again Monday, bringing Mrs. Kenny, Miss Norma and Miss Coombs back with him. Miss Coombs will spend a short time with Mrs. Kenny.

Mrs. L. J. Williams received word from her sister Mrs. Bale of South St. Marie, that Mrs. Bale's son, Private Bale, had died on Friday last at Calgary. Inspector Williams attended the funeral on Monday in Calgary. Mrs. Bale will probably visit Mrs. Williams in a few days.

A splendid congregation attended the service at Burnt Lake conducted by Adjutant and Mrs. Larson and family, accompanied by Captain Acton, every available seat being occupied. These Scandinavian officers will spend this week in the Burnt Lake district.

John Douglas, who has been living at Camrose as boiler inspector for this district, has returned to Red Deer to cover his work from this point, and J. F. Hawkins, formerly of Red Deer, who has been his assistant for two years, will take charge of the work at Camrose.

On Monday afternoon Mrs. Seear, an elderly lady, entertained a number of the ladies of the W.C.T.U. to tea, and a very pleasant social time was spent. The ladies were invited in honor of Mrs. C. C. Bremner who is soon to leave Red Deer. Mrs. Bremner has for many years been a faithful member of the W.C.T.U., and her many friends will regret her departure from town. We lose from our midst a true and faithful friend, a woman of high ideals, and the best wishes of the union accompany her. Mrs. Bremner and son leave on Wednesday for Mountain Park, where Mr. Bremner is supervisor of fire-rangers.

Mrs. Sage, of Calgary, was the guest of Mrs. A. G. Ayres last week.

Mrs. Chas. Sinclair left Monday for Brantford, Ont., where she will visit relations for a time.

J. E. Welton is in Edmonton this week auditing books for the Alberta Ladies College of Red Deer.

Mrs. G. H. Harvey returned from a visit to friends at Camrose last week. She reports the crops in that district very good.

Miss Nurcombe has resigned from the North School and will remove to Calgary with her parents. Mrs. Holt has been appointed teacher in her stead.

The Red Deer Fuel Commissioner, Ald. Campbell, reports that citizens are buying coal as fast as the dealers can get it in. Red Deer always does her duty.

Orangemen will meet in their Lodge room on July 12 (Friday) at 9 o'clock a.m., for the purpose of opening lodge, before proceeding to the celebration at Ponoka. Visiting brethren welcome.

Katharine Stinson, who started from Calgary yesterday in her automobile for Edmonton at one o'clock, and expected to pass over Red Deer about three o'clock, met with engine trouble near Beddington and had to alight.

Roland McVicar, son of Mr. R. G. Gatz, and Ted Kene, students of the University of Alberta, and who have signed up with the Royal Air Force, have been sworn in and added to the reserve. They will be called up some time within six months.

Through the efforts of Commissioner Stephenson, who has had correspondence with Col. Robinson in France, and others, for some months, three cases of last-invincis, the former 187th Battalion band arrived in Red Deer last Wednesday. The Commissioner thought that, as the people of Red Deer contributed most of the money for the equipping of the band, the instruments should be brought back to the 187th headquarters.

It is officially stated that J. Hulton, superintendent of the Lacombe Experimental Farm, Alberta, is to succeed J. H. Grisdale, as director of the local Experimental Farms. Mr. Grisdale was recently appointed deputy minister of agriculture. The Lacombe farm is the second largest experimental farm in Canada, and Mr. Hulton's appointment, it is said, would be regarded with the greatest satisfaction by the farmers of the Dominion.

William McKenzie, son of Mrs. A. R. McKenzie, living five miles south of the city was brought before Justice Wallace Saturday, June 29th, for a breach of the automobile by-law, and was fined ten dollars including costs. His offence was turning across the street between Brumpton and Gatz street and the Day Hardware Co. store, instead of going to the end of the block. This is not much of an offence, but it will be a warning to others to learn the strict letter of the law regarding automobiles. Many others have offended, but McKenzie had to pay.

RED DEER CROP PROSPECTS

There is every indication of a good grain crop in this district, although the hay crop will be light.

A fair crop in the country adjacent to the foothills, extending from fifty to 250 miles east, is now thought likely, according to the week-end reports of the department of agriculture. Particularly in the central and northern portions of the province the outlook has been much improved by recent rains, there being sufficient moisture throughout this area, except in the extreme south, to ensure plenty of wild hay in addition to a good grain crop. The prospects for a grain crop in the province as a whole are not up to par. With the exception of the Red Deer, Edmonton, Peace River, and Grande Prairie districts, the crop has been seriously affected by the lack of moisture, though the rains of the past two weeks have helped the general situation.

In the dry areas the hay crop is likely to be exceedingly short, and the department has already had a number of requests from farmers to take up the feed question. It is thought there will be sufficient pasture to carry the stock through the season on their home ranges, but provision will be made for the winter supply, and arrangements are now being made for a survey of the province by the department's greater production agents with a view to ascertaining available sources of supply.

There has been practically no damage from hail as yet, and though there are reports of cut worms in some of the dry territory the danger in this direction is not considered serious.

Mr. and Mrs. S. Fulton, parents of Mr. J. G. Fulton, have arrived from Welsh, Alberta, to take up their residence in Red Deer. They have taken the house on Poplar St., recently occupied by Mrs. Rutherford, and adjoining Mr. J. G. Fulton's.

Among the holiday cottagers at Sylvan Lake from Red Deer who went out this week are Mrs. J. Skene, Mrs. W. Mohring, Mrs. Davies and Mrs. H. Bawthineimer, in Mr. Hugh Clark's cottage; Mrs. S. Fulton; Mrs. W. E. Payne, Mrs. (Dr.) Parsons, Mrs. J. E. Welton, Mr. G. S. Dingle (Calgary), Mrs. K. White, and Mr. E. Michener.

Nicholas Dreessen, a big six footer, deserted from Sarcee Camp, buried his uniform in a badger hole, and cashed himself thirty miles west of Innisfail, where he was discovered and arrested. He had \$200 on him when arrested by Constable Causey, and had offered \$100 of it to a neighboring farmer to drive him across the line. He was taken to Sarcee Camp on Wednesday.

Quite a number of horses have been stolen from farmers in the Keweenaw district, west of Innisfail, and the A.P. Police are after the alleged offenders. A Schilling was committed for trial by Mr. Wallace on Thursday, the principal evidence against him being given by his pal who received five years in penitentiary for his share of the transaction, and was released after fifteen months on good conduct, and enlisted. Schilling has been in the States, but the A.P.P. nabbed him almost as soon as he set foot in Canada again. Another alleged offender was released on \$5,000 bail, but immediately re-arrested on a second charge and is held in custody.

CORRESPONDENCE

To the Editor of The News:

Dear Sir—Subsequent to the citizens meeting convened in the Methodist Church, June 23rd, to discuss the question of pool room licenses, letters of censure on Rev. L. E. Brough have appeared in the columns of the local press from Messrs. Townsend and Waterer, and Tove.

In fairness to Rev. Brough, the local committee of the Social Service League feel it to be their duty to state that in his remarks at the above meeting charges were directed against neither the Lyric Photoplay theatre, its manager, its patrons, nor against the local pool rooms.

The committee therefore exonerates Rev. Brough from the accusations which the above men have registered against him.

We have studied to be fair in approaching the above matter, and would state therefore, that while direct charges were made against the local pool rooms at the meeting, they were not made by the gentleman we are concerned about in this necessary explanation.—Yours truly,

L. J. PORTER,
Sec-Treas. Local Committee of the Social Service League.

July 2nd, 1918.

To the Editor of the Advocate:
Dear Sir—As one who uses a motor, may I reply to Mr. Powell's rather exaggerated letter in your issue of June 28th.

Mr. Powell talks about "road hogs." All motorists are not "road hogs" and the opposite is also true, namely that all "road hogs" are not motorists. Many people driving teams refuse to give half the road, and rather look up on motorists as intruders and having no right to any part of the road whatsoever. Many people would rather pull their teams off the road altogether so as not to have any trouble with their horses. Of course I am not denying the fact that there are motorists who are "road hogs" and generally discourteous not only to passing teams but also in passing cars.

As for the statement that owners of cars do not pay taxes, I cannot see where Mr. Powell gets this idea from. Farmers owning cars pay taxes twice over. That is they pay on their land where it is taxed, and then on the value of the townspeople pay in the same double way. On the other hand when Mr. Powell spoke of dangerous parts of the road or roads he was on sure ground. But again this is not the fault of the motorists. Why cannot the L.I.D. get together with the different auto clubs and place warnings on the dangerous parts of the road similar to what one finds in the States, Eastern Canada and on the Calgary-Edmonton trail?

Yours truly, A. D. CURRIE.
